## INTRODUCTION:

The Hyde Hood uses Tunisian crochet to create a timeless, yet practical hooded scarf. The pattern includes three length variations, which each have differing scarf lengths.

If you are stuck at all, please do message me on Etsy!

## THE SKILL-LEVEL:

**Intermediate crocheters.** It is recommended to have a basic understanding of the core crochet techniques and terminology. It is suitable for Tunisian crochet beginners.

It uses the Tunisian Simple Stitch (Tss) and a series of increases and decreases. There is also an optional crochet I-cord edge.

## ABBREVIATIONS USED:

- St(s) = stitch(es)
- ★-★ = repeat this section
- Tss = Tunisian simple stitch
- Ch = chain
- YO = yarn over
- M1 = increase 1 stitch
- Tss2Tog = decrease 1 stitch
- SM = stitch marker
- RS = right side
- WS = wrong side

## TECHNIQUE TUTORIALS:

- [Tunisian Simple Stitch \(Tss\)](#)
- Increasing in Tss ("M1")– two methods:
  - [Yarn Over Method](#) (TyO)
  - [Full Stitch Method](#) (Tfs)
- [Decreasing in Tss](#) (Tss2Tog)
- [Binding Off](#)
- [Seaming the Sides](#)
- [Wet Blocking](#)
- [Steam Blocking](#)
- [Crochet I-Cord Edging](#)

## HOOK REQUIREMENTS:

- 6mm Tunisian crochet hook
  - Both straight and circular are suitable
- 6mm crochet hook
  - For optional i-cord edging
- Tapestry needle
- Stitch markers

## YARN REQUIREMENTS:

The hood is worked with one strand of a DK weight yarn. For *Size 1 (Size 2) and Size 3*, you will need:

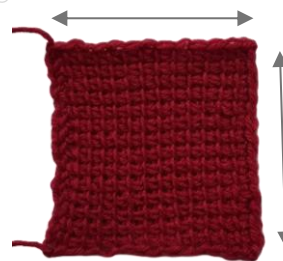

150g (200g) 250g of Kingcole Merino Blend DK, 50g/104m/113yds.

Most DK weight yarn will be suitable, but you will need to calculate the meterage/yardage required for your chosen alternative yarn.

## GAUGE:

14 sts x 14 rows, using a 6mm hook, should be approx. 10cm x 10cm.

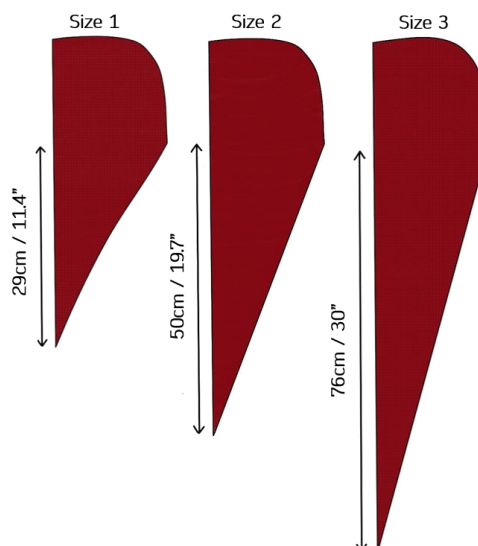

*Note: don't include your initial chain and bind off rows in the height measurement.*

## SIZING:

All three sizes have the same hood section, it is the scarf length that differs.

- Size 1 = 29cm / 11.4" long.
- Size 2 = 50cm / 19.7" long.
- Size 3 = 76cm / 30" long.

## TUNISIAN SIMPLE STITCH:

In Tunisian crochet, we work with the right-side (RS) facing the whole time. In each row, we first pick up all our sts onto our hook, and then we work back, pulling yarn through these sts.

This means there are two key passes within **one** Tunisian crochet row:

- The Forward Pass ("FwdP")
  - Picking up loops onto your hook.
  - Working right-to-left.
  - This is where the increases/decreases will take place.
- The Return Pass ("RetP")
  - Working the yarn back through each of these loops on our hook.
  - Working left-to-right.

The Hyde Hood is made using the [Tunisian Simple Stitch](#) ("Tss"). We will be working a series of increases ("M1") and decreases (Tss2Tog) at the right-side of the piece, creating the shape of the scarf and hood.

*Note: the 1<sup>st</sup> stitch – the loop at the beginning of each row – is left untouched, creating a clean border along the right side of your work. This stitch **does count** in your stitch count.*

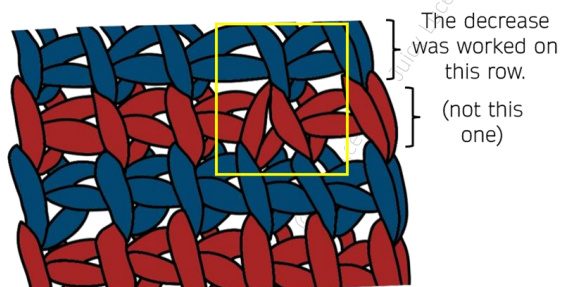

## TIP - CROCHETING STRIPES:

When changing colours, rather than introducing Colour B at the start of the next row, you will need to switch Colour B at the very end of the previous row's Return Pass (RetP).

1. Work Row 1 in Colour A:
  - Complete the RetP until only 2 loops remain on the hook.
2. Introduce Colour B:
  - Drop Colour A and pick up Colour B.
  - YO with Colour B, pull through the last 2 loops on the hook.
3. Continue in Colour B.

## TIP - COUNTING ROWS:

For decrease rows, it can be easy to misidentify which previous row worked the actual decrease. Please refer to the diagram below for clarity.

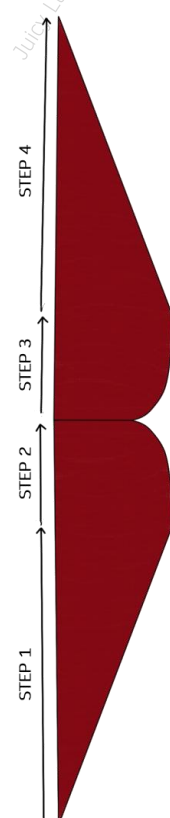

## STEP BREAKDOWN:

The hood is made in one long piece. We only increase/decrease on the right-side of the piece, the left-side will stay straight. Once complete, we seam the hood together.

The pattern is split into five sections, outlined below.

1. **The Scarf (first-half):**
  - Increase our stitches at regular intervals, widening the scarf.
2. **The Hood (first-half):**
  - Continue without any shaping for several rows.
  - Then, decrease our stitches, shaping the hood's curve.
  - This is the halfway point, from here we inverse our steps.
3. **The Hood (second-half):**
  - Increase our stitches, shaping the hood's curve.
  - Then, continue without any shaping for several rows.
4. **The Scarf (second-half):**
  - Decrease our stitches, at regular intervals, narrowing the scarf.
5. **Finishing:**
  - Seam the hood.
  - Crochet an i-cord edging around the hood (optional).
  - Wet/steam block the hood.

## STEP 1 – THE SCARF:

Follow your chosen size's instructions.

### SIZE 1:

1. Foundational Chain: Chain 2
2. ★ Row 1: Normal Row
  - Works sts in Tss [2 sts].
3. Row 2: Increase Row
  - M1 between 1<sup>st</sup> and 2<sup>nd</sup> sts, then work remaining sts in Tss [3 sts]. ★
4. Repeat Row 1-2 (★-★), increasing **every other row**, until you've completed Row 10 [7 sts].
  - This will be approx. 7cm long.

.....  
*From here we will increase **every row**.*

5. ★ Row 11: Increase Row
  - M1 between 1<sup>st</sup> and 2<sup>nd</sup> sts, then work remaining sts in Tss [8 sts]. ★
6. Repeat Row 11 (★-★) until Row 40 [37 sts].
  - This will be approx. 29cm long from the beginning.

*Now follow STEP 2 on Page 5.*

### SIZE 2:

1. Foundational Chain: Chain 2
2. ★ Row 1: Normal Row
  - Works sts in Tss [2 sts].
3. Row 2: Increase Row
  - M1 between 1<sup>st</sup> and 2<sup>nd</sup> sts, then work remaining sts in Tss [3 sts]. ★
4. Repeat Row 1-2 (★-★), increasing **every other row**, until you've completed Row 70 [37 sts].
  - This will be approx. 50cm long.

*Now follow STEP 2 on Page 5.*

### SIZE 3:

1. Foundational Chain: Chain 2
2. ★ Row 1: Normal Row
  - Works sts in Tss [2 sts].
3. Row 2: Normal Row
  - Works sts in Tss [2 sts].
4. Row 3: Increase Row
  - M1 between 1<sup>st</sup> and 2<sup>nd</sup> sts, then work remaining sts in Tss [3 sts]. ★
5. Repeat Row 1-3 (★-★), increasing **every 3rd row**, until Row 105 [37 sts].
  - This will be approx. 76cm long.

*Now follow STEP 2 on Page 5.*

## STEP 2 – THE HOOD (FIRST-HALF):

### ALL SIZES:

Here we will restart the row numbering.

1. Place SM on Row 1 to restart row count.
2. ★ Row 1: Normal Row
  - Works all sts [37 sts]. ★
3. Repeat Row 1 (★-★) for 18 rows in total, finishing on Row 18 [37 sts].  
.....
4. ★ Row 19: Decrease Row
  - Tss2Tog through the 2<sup>nd</sup> and 3<sup>rd</sup> sts, then work remaining sts [36 sts].
5. Row 20: Normal Row
  - Works all sts [36 sts]. ★
6. Repeat Row 19-20 (★-★) 2 times in total, finishing on Row 22 [35 sts].  
.....
7. ★ Row 23: Decrease Row
  - Tss2Tog through the 2<sup>nd</sup> and 3<sup>rd</sup> sts, then work remaining sts [34 sts]. ★
8. Repeat Row 23 (★-★) for 6 rows in total, decreasing at the beginning of each row, finishing on Row 28 [29 sts].  
.....
9. ★ Row 29: Double Decrease Row
  - Tss2Tog through the 2<sup>nd</sup> and 3<sup>rd</sup> sts.
  - Then again, Tss2Tog through the 4<sup>th</sup> and 5<sup>th</sup> sts.
  - Work remaining sts [27sts]. ★
10. Repeat Row 29 (★-★) for 2 rows in total, finishing on Row 30 [25 sts].

We have finished the first half of our Hyde Hood, now we must inverse our steps to create a symmetrical second half.

## STEP 3 – THE HOOD (SECOND-HALF):

### ALL SIZES:

Again, here we will restart the row numbering.

1. Place SM on Row 1 to restart row count.
2. ★ Row 1: Double Increase Row
  - M1 between 1<sup>st</sup> and 2<sup>nd</sup> sts.
  - Then again, M1 between 2<sup>nd</sup> and 3<sup>rd</sup> sts.
  - Work remaining sts [27 sts]. ★
3. Repeat Row 1 (★-★) for 2 rows in total, finishing on Row 2 [29 sts].  
*Note: if any small holes appear, you can close them later with spare yarn.*  
.....
4. ★ Row 3: Increase Row
  - M1 between 1<sup>st</sup> and 2<sup>nd</sup> sts.
  - Work remaining sts [30 sts]. ★
5. Repeat Row 3 (★-★) for 6 rows in total, increasing at the beginning of each row, finishing on Row 8 [35 sts].  
.....
6. ★ Row 9: Normal Row
  - Works all sts [35 sts].
7. Row 10: Increase Row
  - M1 between 1<sup>st</sup> and 2<sup>nd</sup> sts.
  - Work remaining sts [36 sts]. ★
8. Repeat Row 9-10 (★-★) 2 times in total, finishing on Row 12 [37 sts].  
.....
9. ★ Row 13: Normal Row
  - Works all sts [37 sts]. ★
10. Repeat Row 13 (★-★) for 18 rows in total, finishing on Row 30 [37 sts].

We now follow the respective size's scarf section on Page 6.

## STEP 4 – THE SCARF:

Again, here we will restart the row numbering.

### SIZE 1:

1. Place SM on Row 1 to restart row count.
2. ★ Row 1: Decrease Row
  - Tss2Tog through the 2<sup>nd</sup> and 3<sup>rd</sup> sts.
  - Work remaining sts [36 sts]. ★
3. Repeat Row 1 (★-★), decreasing every row, finishing on Row 30 [7 sts].  
.....
4. ★ Row 31: Decrease Row
  - Tss2Tog through the 2<sup>nd</sup> and 3<sup>rd</sup> sts.
  - Work remaining sts [6 sts].
5. Row 32: Normal Row
  - Work all sts [6 sts]. ★
6. Repeat Row 31-32 (★-★), alternating between a decrease and normal row, until Row 40 [2 sts].  
.....
7. [Bind off all sts.](#)

### SIZE 2:

1. Place SM on Row 1 to restart row count.
2. ★ Row 1: Decrease Row
  - Tss2Tog through the 2<sup>nd</sup> and 3<sup>rd</sup> sts.
  - Work remaining sts [36 sts].
3. Row 2: Normal Row
  - Work all sts [36 sts]. ★
4. Repeat Row 1-2 (★-★), alternating between a decrease and normal row, until Row 70 [2 sts].  
.....
5. [Bind off all sts.](#)

### SIZE 3:

1. Place SM on Row 1 to restart row count.
2. ★ Row 1: Decrease Row
  - Tss2Tog through the 2<sup>nd</sup> and 3<sup>rd</sup> sts.
  - Work remaining sts [36 sts].
3. Row 2: Normal Row
  - Work all sts [36 sts].
4. Row 3: Normal Row
  - Work all sts [36 sts]. ★
5. Repeat Row 1-3 (★-★), working 1 decrease row then 2 normal rows, until Row 105 [2 sts].  
.....
6. [Bind off all sts.](#)

## STEP 5 – FINISHING:

### SEAMING THE HOOD:

1. We now sew the two halves of the hood together, using a tapestry needle and yarn.
2. I recommend leaving a long tail at the beginning, to allow you to come back and smooth the top curve afterwards (to stop it being pointy).
3. Starting at the top of the hood, [seam the two sides together](#), down the curve of the hood (follow the green line in the diagram).

### BLOCKING THE HOOD:

Depending on your yarn's composition, I recommend either [wet blocking](#) or [steam blocking](#) your final hood.

This will loosen up the stitches' tension, fix any curling of the fabric and reduce the bulkiness of the hood seam.

*Note: If you're adding the optional i-cord edge (Page 7), you can block after working this i-cord.*

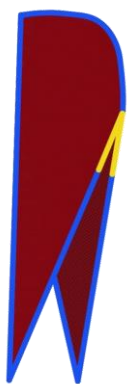

## OPTIONAL I-CORD EDGING:

Your edges should be relatively neat, thanks to the end stitch creating a clean border. However, if you'd like to add an I-Cord edging, follow the steps below.

*Note: adding an I-Cord edge will slightly reduce the stretch of the hood and add a little bulk when tying the hood.*

### Tips:

- **Starting Point** - begin at the base of the hood seam to hide any uneven joins.
- **Tools** - using two crochet hooks (or a circular Tunisian hook) makes the process easier, preventing the need to repeatedly drop and pick up loops.

- **Picking up stitches** – this will depend on your personal tension, but I recommend:
  - **BLUE EDGE:** pick up approx. 1 st per row along the edge.
  - **YELLOW EDGE:** pick up approx. 1.5 sts per row (alternate 1 st, then 2 sts).
- This makes a more comfortable fit around the back of your neck.

If you're new to crocheting an I-Cord edge, I recommend watching [this tutorial](#) which breaks down all of the steps outlined below.

*Note: this tutorial shows a 4-stitch i-cord edge, however, I recommend following a 3-stitch i-cord to reduce bulk.*

### Step 1: Set Up the 3-Stitch I-Cord

1. With RS facing, slip stitch to attach yarn.
2. Chain 3.
3. ★ Insert hook into 2<sup>nd</sup> chain from hook, YO, and pull up a loop (keep on hook). ★
4. Repeat (★-★) for the 3<sup>rd</sup> chain [3 loops on hook].

### Step 2: Start the I-Cord

1. Turn work to WS.
2. Slip the rightmost loop off the hook and place a SM through it (leave for later).
3. Insert hook into next stitch along the hood's edge, YO, pull up a loop onto hook.

### Step 3: Work the I-Cord Stitches

1. ★ Slide the remaining 3 loops towards the base of the hook.
2. Using a second hook, insert into the end loop on your first hook, YO, pull yarn through and pull up a loop onto the hook.
3. For the last 2 loops on the first hook, insert the second hook **through both**, YO and pull up a loop onto the hook [2 loops on hook].
4. Insert this second hook into the next stitch along the hood's edge, YO and pull up a loop [3 loops on hook again]. ★

Repeat Step 3 (★-★) along the hood's entire edge, until you reach back to the beginning.

### Step 4: Build the Final Column.

1. Turn work so RS is facing.
2. Remove the SM from the loop at the beginning and place loop onto your hook.
3. Pick up the long strand (above the loop) and pull it through the loop on your hook (like picking up a dropped stitch in knitting).
4. Repeat this, picking up each long strand, building up the final column of stitches until back at the start point.

### Step 5: Finishing

1. Cut yarn and leave a tail.
2. Using a tapestry needle, join the beginning and end of the I-Cord with a duplicate stitch to create an invisible join.
3. Secure and weave in any ends.

I really hope you enjoyed creating your hood! I'd absolutely love to see your final pieces, please tag me on both TikTok and Instagram (@juicylu.ce), and use #TheHydeHood !!

Thank you for all your support!

Lots of love,  
Luce xx
