

Rose Garden Headscarf Pattern

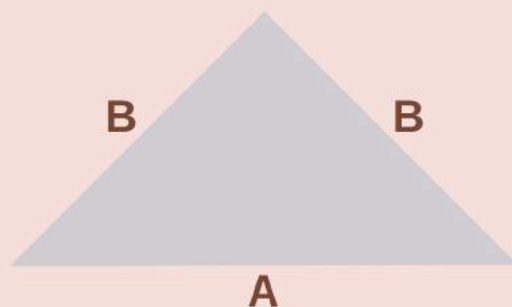

materials

- 0.75 mm crochet hook
- 50 g size 8 cotton thread
- small tapestry needle
- scissors

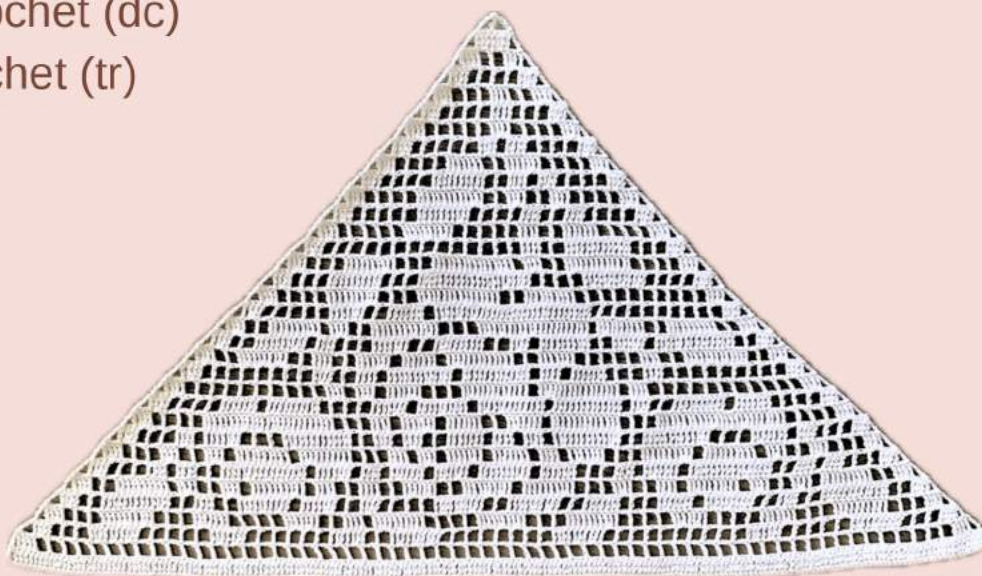

size

- side A: 37 cm / 14.6 in
- sides B: 27.5 cm / 10.8 in

stitches and abbreviations

- chain stitch (ch)
- chain space (ch-sp)
- slip stitch (sl st)
- double crochet (dc)
- treble crochet (tr)
- skip (sk)

How to Filet Crochet

Skip this part if you already know how to filet crochet!

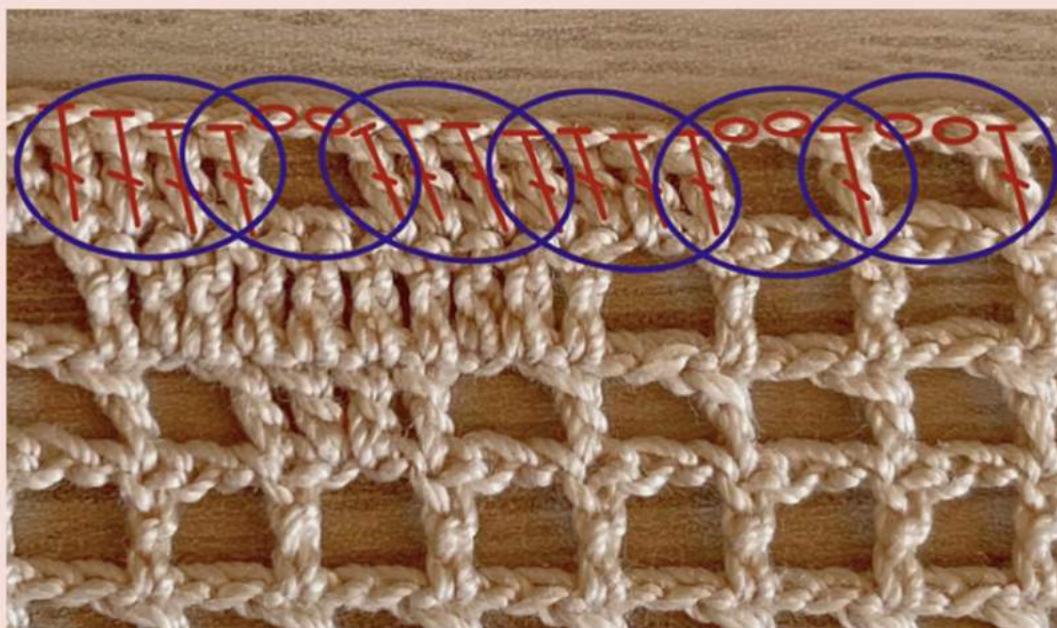

Filet crochet looks more complicated than it is. Filet crochet patterns are made up of open spaces and solid blocks.

You use double crochet stitches to create solid blocks and add chains over skipped stitches to create open spaces.

This explanation is for 4 dc filet but in this pattern I'm using tr instead of dc!

Each block consists of 4 dc. When there are two blocks side by side, the blocks share a common dc in the center. There will be 7 dc in that group of two blocks.

Always remember that each block (or space) shares a dc with the block/space next to it, so that the last dc of the first block is the first dc of the next block.

Helpful Tips

Since this pattern is not symmetrical, we have to alternate the direction in which we look at the chart for every row. I like to draw arrows next to the chart. You can start right to left or left to right.

Another tip is to count the blocks and spaces before crocheting each row. It's easier than counting each section repeatedly and it helps you keep track of which row you're currently working on.

How to Calculate the Starting Chain

Take the number of blocks across the first row of the chart, multiply that number by 3 then add 1. We'll also add 3 more chains to account for the first tr.

starting ch $(66 \times 3) + 1 + 3 = 202$

How to Start the Pattern

make a slip knot and ch 202

row 1 (left to right)

tr in 5th ch from hook

work 1 tr in each ch-sp

ch 4 turn work

row 2 (right to left)

tr in 8th ch from hook, 3 more tr, ch 2 sk 2 tr, ch 2 sk 2 tr until the last block of the row, make the solid block, add a tr in the corner of the 1st row

ch 4 turn work

row 3 (left to right)

tr in 9th ch from hook, make a solid block, follow the grid and continue to use the same techniques for the end and beginning of the rows

How to Make the Beginning and End of the Rows

make a tr into the corner of the previous row

this is the finished tr

ch 4 and turn work

make the solid block

When you completed the grid ch 1, cut off the yarn and sew in ends.

Ties

make a slip knot, remove it from the hook, insert your hook into one of the corners, add the slip knot back onto your hook, pull through and ch 1 to secure, ch 150, sl st into the 2nd ch from your hook, continue slip stitching until you are back at the beginning of the ch, make a sl st into the corner, ch 1 cut off yarn

repeat the same thing on the other corner

weave in ends

The finished ties are 23.5 cm / 9.3 inch each. Feel free to adjust the length to your preference.
